

Triennial Assessment Tool

Every three years or more often if the district desires, the district must conduct an assessment of the wellness policy that is made available to the public. The evaluation must address:

- Compliance with the district policy
- The extent to which the local wellness policy compares to the [Model Wellness Policy](#)
- Progress made in attaining the goals of the wellness policy

The first triennial assessment should be completed by June 30, 2023 or earlier. The second triennial assessment is due 3 years from the completion of the first triennial assessment. Districts are required to make the Local Wellness Policy and Triennial Assessment available to the public.
